Professional Summary:

Motivated MCA student with hands-on experience in full stack web development using React.js, Node.js, Express.js, MongoDB and PostgreSQL. Experienced in building AI-powered and database-driven web applications with a strong foundation in modern web technologies.

Education:

Presidency College, Bengaluru

2024 – 2026

Master of Computer Applications (MCA)

IGNOU

2020 – 2023

Bachelor of Computer Applications (BCA)

Experience:

Full Stack Web Development Intern | EazyByts

August 2025

- Developed a dynamic Full Stack Portfolio with CMS using React, Node.js, Express.js and MongoDB.
- Implemented secure authentication and CRUD functionality for project management.
- Designed responsive user interfaces and integrated REST APIs.

Projects:

AI-Powered Website Builder (Final Year Project) | *React.js, Node.js, Express.js, PostgreSQL, Gemini AI*

- Developed an AI-powered website builder that generates website layouts and content from user prompts using Gemini AI.
- Implemented user authentication, project management, and AI integration with a secure backend and PostgreSQL database.
- Designed responsive user interfaces and scalable REST APIs for efficient project creation and management.

Full Stack Portfolio with CMS (Internship Project) | *React.js, Node.js, Express.js, MongoDB*

- Built a full-stack portfolio website with an admin dashboard to manage projects and portfolio content dynamically.
- Implemented authentication, CRUD operations, and MongoDB integration for secure and efficient data management.
- Developed responsive frontend components and RESTful APIs to ensure seamless content updates and user experience.

Hospital Management System | *HTML, CSS, JavaScript, PHP, MySQL*

- Developed a responsive hospital management web application with modules for appointment booking, doctor management, hospital services, and patient information.
- Built the frontend using HTML, CSS, and JavaScript, and integrated PHP with MySQL for backend processing and database management.
- Implemented appointment booking with form validation, server-side request handling, and a user-friendly interface for efficient healthcare management.

Technical Skills:

Languages: Java, Python, C#, C++, C

Frontend: Html, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, PHP

Databases: SQL, MongoDB, PostgreSQL

Tools: Git, GitHub, VS Code, Postman, XAMPP, Eclipse IDE, IntelliJ IDEA, PyCharm, Netlify, Vercel

Certifications and Achievements

HTML | CSS | JavaScript | Full-Stack Web Development | Java | C | C++ | PHP | Bootstrap | UI Design | Python

Got Best Coder award at the PG Validatory at Presidency College
